AMS GROUP LAUNCHES PROJECT MANAGEMENT DIVISION

AMS Group – one of the UK’s leading manufacturers of bespoke interiors for retail shops, financial outlets, hospitals, schools and hotels – has announced the formation of a new Project Management Division entitled ‘AMS Projects’.

AMS Group is primarily a manufacturing company with over 150,000 sq ft of production area and employs in excess of 300 people at its headquarters site in Redditch, Worcestershire.

The company currently operates through three divisions:

AMS Retail Interiors – providing bespoke interiors and display equipment for retail shops and financial outlets. Clients of the division include Debenhams, Marks & Spencer, Tesco, Specsavers, Carphone Warehouse and Gap.

AMS Wardroom – which provides reception area and ward furniture/fittings for hospitals, health centres and clinics, together with interior equipment for school classrooms.

AMS Accommodation Furniture – This division provides accommodation furniture and hotel ‘case goods’ to hospitality providers. Clients include one of the largest UK budget hotel chains – Premier Travel Inn, as well as other smaller privately owned organizations.

Increasingly, clients of the company’s three core divisions are demanding complete ‘turnkey’ services requiring full Project Management.

AMS Projects division has been established to definitively address this requirement whilst undertaking the management of specific turnkey projects.

Speaking of this latest development, Mr Jim Clark, managing director of AMS Group said,

“Throughout our 20 years of manufacturing experience, AMS Group has gained significant experience of working with Blue Chip customers in our three areas of activity.

The experience gained by the personnel who now form our Projects Division will not only help us to better manage our total offering to our increasing customer base, but also enable us to provide Project Management services as a separate service offering”.
